Mobile Printer Family

Stronger Together

Raise Productivity to the Next Level with Mobile Printers

Mobile printers play an integral part in the workflow of many industries, especially where quick and accurate printing on demand and on-the-go is required at various locations. Whether printing receipts for meter readings, e-citations, mPOS, field services or for direct store delivery, or even labels for mark down, raw materials, finished goods, shipping and receiving, mobile printers can increase efficiency for any printing on demand.

To assess the need for a mobile printing solution, here are some points to consider:
- How often are labels applied within arm's length?
- How often do inaccurate or damaged labels cause interruption to your work?
- Can on-the-go printing reduce the time traveling back-and-forth to a centrally-located stationary printer?
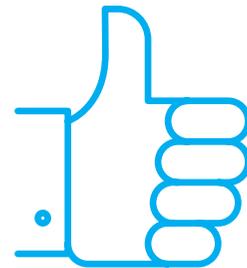

Points to Consider Before Getting Mobile Printers

Before investing in mobile printers, be sure to look at these three points:

Durability

Printers must be able to withstand accidental falls and drops, resist dust and water for both indoor and outdoor applications.

Ease of Use

A printer that is easy to set up and use will accelerate workflow and boost productivity, thus bringing more value out of your operation.
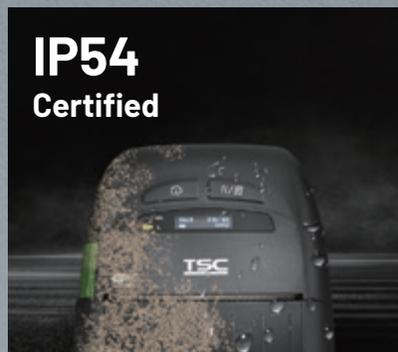

Compatibility

Hassle-free integration or migration is vital when installing or replacing existing devices.
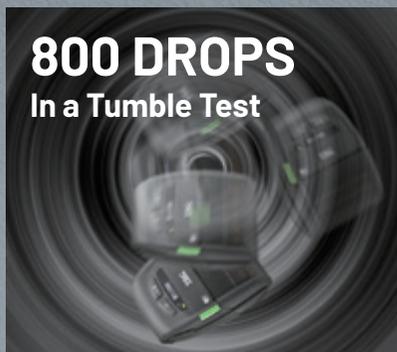

Why TSC AUTO ID Mobile Printers?

Rugged Design for Enduring Harsh Environments

Our IP54-certified mobile printers are not only water-resistant and dust-resistant, but have also endured tough drop and vibration tests, including 800 drops in a tumble test, 2.1 meters drop test, and met the MIL-STD-810 standard for the durability to stand strong even in harsh environments.

IP54
Certified

800 DROPS
In a Tumble Test

2.1 M
Drop Test

MIL-STD-810
Standard

Easy to Set Up and Use

❶ Lightweight and compact to be carried around all-day
❷ Easy-to-read LCD/LED and/or large function buttons
❸ Reliable and secured dual-band Wi-Fi with fast roaming
❹ Easy media loading and support media roll up to 67mm (2.64") OD
❺ Easy connectivity via MFi Bluetooth® with NFC tap-to-pair
❻ Versatile accessories to give support and enhance the efficiency of operation

Compatibility Matters

Being able to seamlessly integrate with your system is also a determining factor when purchasing mobile printers. With our software, SDK and professional technical support, our mobile printer's compatibility with your system will be enhanced through quicker integration, efficient development, faster deployment, and increased interoperability.

- OPOS drivers for POS application
- Compatible with CPCL, ESC-POS and major printer languages
- Software Development Kit (SDK) for developer to build a custom app

*Specifications vary depending on mobile printer models

Mobile Printer Family

Depending on your requirements, we offer a variety of mobile printers that cater to your needs.

Alpha-2R

The Alpha-2R is a durable and lightweight 2-inch printer capable of working with any mobile printing applications where you need quick access to simple receipts or tickets.

TDM Series

The TDM Series is small and lightweight, withstanding up to 1.8m, and passes the MIL-STD-810G drop test. With choices of 2-inch or 3-inch models for easy, on-the-go printing.

Alpha-3R

The Alpha-3R is lightweight, designed for printing receipts and capable of printing labels. The 3-inch mobile printer is ideal for medium printing volume requirements.

RE310

Value meets proficiency with the 3-inch RE310 allowing it to excel in daily mobile operations across diverse environments. It features seamless connectivity, fast charging, and accommodates a wider range of labels and receipts.

Alpha-30R

The Alpha-30R is user-friendly and drop-resistant. It features a large media capacity and higher battery capacity to boost productivity and streamline operations efficiently.

Alpha-30L/40L

The 3-inch Alpha-30L and 4-inch Alpha-40L propel you into the next generation of smart, enhanced technology solutions. They are optimized for printing in high-duty cycles and demanding environments.

Alpha-40L RFID

The Alpha-40L RFID enhances workers' mobility in challenging environments with a user-friendly and heavy-duty design. It provides the convenience of printing and encoding RFID labels exactly when needed.

Product Specifications

We offer a variety of products, ranging from 2-inches to 4-inches, different print widths, different levels of durability, different media types, and many other specifications to suit your printing needs.

Select the Right Printer for Your Applications

Whether you're printing barcodes, labels, receipts, tags or tickets, we make it easy to help you to select the right printer to meet your requirements ranging from levels of duty cycle, media types, weight or size restraints, to durability.

Application requirement	Application		Print Width	Media Type	Recommended Model
• High-duty cycle environment • Optimized for labels, can print receipts • Durable mobile printer	• Inventory management, cycle count • Receiving, put-away, reverse logistics • Picking, staging, packing, shipping • Price display compliance	• Click and collect (BOPIS) • Cross-docking • Raw materials • Finished goods	104mm / 4"	Receipts and / or labels	Alpha-40L
			72mm / 3"	Receipts and / or labels	Alpha-30L
• High-duty cycle environment • Optimized for receipts, can print labels • Most rugged mobile printer	• Inventory management, cycle count • Receiving, put-away, reverse logistics • Picking, staging, packing, shipping • Quick and efficient checkout • Proof of pickup and delivery	• Direct store delivery • Cross-docking • Fleet management and maintenance • Ticketing • In-cabin service	72mm / 3"	Receipts and / or labels	Alpha-30R
• Medium-duty cycle environment • Optimized for receipts, can print labels • Durable mobile printer	• Quick and efficient checkout • Proof of pickup and delivery • Direct store delivery • Fleet management and maintenance	• Ticketing • In-cabin service • Field sales • Field service	72mm / 3"	Receipts and / or labels	Alpha-3R
			48mm / 2"	Receipts and / or labels	Alpha-2R
• Medium-duty cycle environment • Optimized for receipts, can print labels • Budget-friendly mobile printer	• Quick and efficient checkout • In-store service • In-cabin service • Field sales • Field service		72mm / 3"	Receipts and/or labels	RE310
• Low-duty cycle environment • Optimized for receipts, can print labels • Small, lightweight mobile printer	• Quick and efficient checkout • Proof of pickup and delivery • Fleet management and maintenance • Ticketing	• In-store service • In-cabin service • Field service • Government e-citation	72mm / 3"	Receipts	TDM-30
			48mm / 2"	Receipts	TDM-20
• RFID tag encoding and printing at the point of application • Durable mobile printer • Rugged mobility • Versatile media types, RFIDs, labels and receipts	• In-store tagging • Direct to store or consumer delivery • Closed-loop airline baggage tracking • Remote tagging of in-field asset	• Laboratory sample and drug management • Device and asset management	104mm / 4"	Receipts and / or labels and / or RFID tags	Alpha-40L RFID
• Antimicrobial casing for healthcare environments • Easy-to-clean and disinfect • Medical standard IEC-60601-1 certified power supply • Durable mobile printer • Rugged mobility	• Emergency medical service • Ambulance • Specimen labeling		72mm / 3"	Receipts and/or labels	Alpha-30LHC

Versatile Accessories

We provide a full line of value-added accessories to ensure the items can empower diverse operations in many different aspects.

Success Stories

e-Commerce Warehouse

Healthcare

Alpha Series Mobile Printers Facilitate Warehouse Operations at Full Throttle

Overview

One of the leaders of Taiwan's e-commerce industry is expanding its warehouse and logistic networks with additional label printers to support operational surges with efficiency. Given its current WMS (Warehouse Management System) system bundle, the company could not easily migrate to other branded devices.

Solution

TSC Auto ID's engineers studied, verified, and customized the firmware to enable Alpha-40L and Alpha-4L mobile printers to understand the current WMS system language.

User Benefits

- Overcome system constraints
- Resolve printer supply shortage
- Easy for operators and IT staff to use and manage

Alpha-3R Mobile Printers Accelerate Specimen Collection and Management

Overview

Nurses have to deal with a large number of specimens when rotating through the ward, and mislabeling specimens could lead to medical disputes. The hospital needs to print out patient information and label each specimen immediately after collecting the samples from patients to prevent mislabeling.

Solution

The Alpha-3R mobile printers are mounted on medical carts and are connected to HIS (Hospital Information System) to print out required information on the spot.

User Benefits

- Durable to withstand hospital shifts
- Easily print required information via HIS
- Easy for nurses and IT staff to use and manage
