#### **Auditor's Review Report**

To TSC Auto ID Technology Co., Ltd.:

#### **Background**

We have reviewed the consolidated balance sheet as of September 30, 2022 and September 30, 2021; the consolidated incomes statement from July 1 to September 30, 2022 and from July 1 to September 30, 2021, from January 1 to September 30, 2022 and from January 1 to September 30, 2021; the consolidated statements of changes in equity and the consolidated statements of cash flows from January 1 to September 30, 2022 and from January 1 to September 30, 2021 of TSC Auto ID Technology Co., Ltd. and its subsidiaries ("TSC Auto ID Technology Group") and the notes to consolidated financial statements (including the summary of major accounting policies). According to the Regulations Governing the Preparation of Financial Reports by Securities Issuers and the International Accounting Standards (IAS) 34 Interim Financial Reporting recognized and promulgated by the Financial Supervisory Commission, the preparation of financial reports for fair representation is the management's responsibility. Our responsibility is to reach conclusions based on the review result of consolidated financial statements.

#### Scope

We carried out the review engagement in accordance with the Statements on Auditing Standards No. 65 "Review of Financial Statements." The procedures of a review of consolidated financial statements include inquiries (mainly to financial and accounting personnel), analytical procedures and other review procedures. A review is substantially less in scope than an audit. Therefore, we may not be able to detect all the material items which can be identified via audit work and will not be able to express an opinion accordingly.

#### Conclusion

Based on our review and other auditors' review (please refer to "Other Matters"), we did not identify in the abovementioned consolidated financial statements any materiality that was not prepared according to the Regulations Governing the Preparation of Financial Reports by Securities Issuers and the International Accounting Standards (IAS) 34 Interim Financial

Reporting recognized and promulgated by the Financial Supervisory Commission, and that prevented the fair representation of TSC Auto ID Technology Group's consolidated financial status as of September 30, 2022 and September 30, 2021, consolidated financial performance from July 1 to September 30, 2022 and from July 1 to September 30, 2021, consolidated financial performance and cash flows from January 1 to September 30, 2022 and from January 1 to September 30, 2021.

#### **Other Matters**

Among the subsidiaries consolidated in TSC Auto ID Technology Group's financial statements, the financial statements of certain important subsidiaries were not reviewed by us but by other auditors. Therefore, our conclusion of the abovementioned financial statements was based on the review by other auditors of recognition and disclosure regarding the listed amounts and relevant information disclosed in notes of the financial statements of these companies. These subsidiaries accounted for 21.59% and 18.77% of the total consolidated assets as of September 30, 2022 and September 30, 2021, respectively; 40.03% and 33.46% of the consolidated revenue from July 1 to September 30, 2022 and from July 1 to September 30, 2021, respectively, and 38.11% and 34.64% of the total consolidated revenue from January 1 to September 30, 2021, respectively; and 10.99% and 15.72% of the total comprehensive incomes from July 1 to September 30, 2021, respectively, and 15.31% and 14.57% of the total comprehensive incomes from January 1 to September 30, 2021, respectively.

# Company History

I.

TSC Auto ID Technology Co., Ltd. ("the Company"), founded on March 19, 2007, is a global company in auto-identification systems/products manufacturing and services. The Company was listed on the TPEx on November 26, 2008.

The consolidated financial statements are expressed in NT dollars, the Company's functional currency.

#### II. Dates and procedures of approving financial reports

The consolidated financial reports were published on November 8, 2022 after approval by the Board of Directors.

#### III. Applicability of New and Modified Standards and Interpretations

(I) First adoption of the International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), International Financial Reporting Interpretations Committee (IFRIC) and Standing Interpretations Committee (SIC) Interpretations recognized and promulgated by the Financial Supervisory Commission (collectively referred to "IFRSs")

According to the consolidated company's assessment, the adoption of the IFRSs recognized and promulgated in 2022 by the Financial Supervisory Commission will not cause material changes to the consolidated company's accounting policies.

(II) IFRSs published by International Accounting Standards Board (IASB), recognized by the Financial Supervisory Commission and applicable in 2023

| Newly published/amended/revised standards and      | IASB release and effective |
|--|----------------------------|

| IAS 1 Amendment: Non-current Liabilities with     | January 1, 2024            |
| Covenants   |                            |

Note: Unless otherwise indicated, the abovementioned newly published, amended or revised standards and interpretations shall take effect on annual reporting periods after respective dates.

# IAS 1 Amendment: Classification of Liabilities as Current or Non-current (amended in 2020) and Non-current Liabilities with Covenants (amended in 2022)

The amendments clarified that for a liability to be classified as non-current in 2020, the Company shall assess whether it has the right at the end of the reporting period to defer settlement of the liability for at least twelve months after the reporting

period. If such rights are in existence at the end of the reporting period, the liability is classified as non-current regardless of whether the Company will exercise that right.

The 2020 amendments also stipulated that, if the right to defer settlement is subject to compliance with specified conditions, the Company must comply with those conditions at the end of the reporting period even if the lender does not test compliance until a later date. The 2022 amendments also clarify that the classification of liabilities is affected only by the contract terms that are required to be followed prior to the end of the reporting period. Although the contract terms to be followed within 12 months after the reporting period do not affect the classification of liabilities, information must be disclosed so that users of financial statements are aware of the risk that the Group may not be able to comply with the contract terms that would require repayment within 12 months after the reporting period.

The amendments stipulated that, for the purpose of liability classification, the aforementioned settlement refers to a transfer of cash, other economic resources or the Company's own equity instruments to the counterparty that results in the extinguishment of the liability in 2020. However, if the terms of a liability that could, at the option of the counterparty, result in its settlement by a transfer of the Company's own equity instruments, and if such option is recognized separately as equity in accordance with IAS 32 "Financial Instruments: Presentation", the aforementioned terms would not affect the classification of the liability.

Apart from the abovementioned impacts, as of the date these consolidated financial statements were approved and released, the consolidated company continued to assess the impact of other amended standards and interpretations on its financial status and financial performance. The relevant effects shall be disclosed once the assessment has been completed.

#### IV. <u>Summary of Material Accounting Policies</u>

#### (I) Statement of Compliance

These consolidated financial statements were prepared according to the Regulations Governing the Preparation of Financial Reports by Securities Issuers and the International Accounting Standards (IAS) 34 Interim Financial Reporting recognized and promulgated by the Financial Supervisory Commission. These consolidated financial statements did not include all the information required for disclosure by the IFRSs for the entire year.

#### (II) Basis of Preparation

These consolidated financial statements were prepared according to historical costs except for the financial instruments measured at fair value and the net defined benefit liability calculated with the present value of the defined benefit obligation less the fair value of the asset plan.

The measurement of fair values can be classified into Level 1, Level 2 and Level 3 according to the level of observability and importance of relevant inputs.

- 1. Level 1 inputs: (unadjusted) quoted prices for identical assets or liabilities in active and liquid markets.
- 2. Level 2 inputs: input values of assets or liabilities observable directly (i.e., prices) or indirectly (i.e., inferred prices) other than Level 1 quoted prices.
- 3. Level 3 inputs: unobservable inputs for assets or liabilities.

#### (III) Basis of Consolidation

These consolidated financial statements include the Company and the entities (subsidiaries) controlled by the Company. The financial statements of subsidiaries have been adjusted so that their accounting policies are consistent with the consolidated company. All the transactions, account balances, incomes and gains, expenses and losses among individual entities have been canceled out in the preparation of the consolidated financial statements. The comprehensive incomes of subsidiaries are attributable to the shareholders of the Company.

The Group adopts the book value method for business combinations under common control (group restructuring). Since the ultimate controlling parties are the same, the Group does not lose control over the changes in ownership in the subsidiaries. The difference between the carrying amount of the investment and the fair value of the consideration paid or received is recognized directly as an adjustment to equity and does not affect the preparation of the consolidated financial statements.

Please refer to Note 11 and Table 7 for a detailed list of the subsidiaries, shareholding percentages in these subsidiaries and their businesses.

#### (IV) Other major accounting policies

In addition to the following explanations, please refer to the summary of the major accounting policies for 2021 consolidated financial statements.

#### 1. Defined benefits

Interim pension costs from the beginning of the year to the end of the reporting period are calculated with the discount rate determined actuarially on the closing date of the prior year and adjusted by reflecting significant market volatility, major plan changes, repayments or other material one-offs.

#### 2. Income taxes

Income tax expenses are the aggregate of the income taxes and deferred taxes during the period. Interim income taxes are assessed on an annualized basis, by applying the effective tax rate on the expected annual earnings to the interim profits before tax.

# V. <u>Key Sources of Uncertainty in Significant Accounting Judgements, Estimates and Assumptions</u>

With regard to the adoption of accounting policies by the consolidated company, management must make judgments, estimates and assumptions based on historical experience and other relevant factors if relevant information is not readily available from other sources. The actual outcome may be different from the estimates.

The consolidated company will take into consideration the possible impact of the economic environment implications of the recent development of COVID-19 when making its critical accounting estimates; meanwhile, the management will continually examine its estimates and basic assumptions. If an estimated change only affects the current period, the change shall be recognized during the period. If a change of accounting estimates affects both the current and future periods, the change shall be recognized during the current and future periods.

Please refer to the explanations about the main sources of uncertainty with major accounting judgments, estimates and assumptions in the 2021 consolidated financial statements.

#### VI. Cash and Cash Equivalents

The consolidated company primarily engages in currency swap transactions to hedge the risks associated with exchange rate fluctuations for assets denominated in foreign currencies.

#### VIII. Financial assets measured at fair value through other comprehensive incomes

|                                 | Sej | otember 30,<br>2022 | De | ecember 31,<br>2021 | Se        | eptember 30,<br>2021 |
|---------------------------------|-----|---------------------|----|---------------------|-----------|----------------------|
| Equity Instrument Investments – |     |                     |    |                     |           |                      |
| Non-Current                     |     |                     |    |                     |           |                      |
| Domestic investments            |     |                     |    |                     |           |                      |
| TPEx-listed stocks              | \$  | 1,228,400           | \$ | 1,068,960           | <u>\$</u> | 881,280              |

The consolidated company invests in ordinary shares listed on the TPEx for mid-to-long term strategic purposes and seeks to profit from long-term investments. The consolidated company's management does not think recognizing the short-term fair value volatility of such investments as profit or loss aligned with the long-term investment planning abovementioned. Therefore, management decided to designate such investments measured at fair value through other comprehensive incomes.

#### IX. Notes and Accounts Receivable

| September 30, | December 31, | September 30, |
|---------------|--------------|---------------|
| 2022          | 2021         | 2021          |

| Receivables                      |    |           |    |           |    |           |

|                                  | \$ | 1,318,757 | \$ | 1,270,068 | \$ | 1,322,298 |

#### Accounts receivable

The consolidated company's average credit period for products sold is 45 days after the issuance of invoices or 45 to 60 days based on monthly statements. Accounts receivable do not accrue interests. Before accepting new customers, the consolidated company assesses the credit quality of the potential customers and determines the credit allowance for such customers through internal credit evaluation procedures. The credit allowance and ratings for customers are periodically reviewed according to actual requirements. When determining the recoverability of accounts receivable, the consolidated company takes into account any change of the credit quality from the original credit date to the balance sheet date. It refers to past late payments and current financial statuses of counterparties. The unrecoverable amount of receivables is reviewed and estimated case by case in order to recognize an appropriate allowance for credit losses for the receivables that may not be recovered.

In addition to the recognition of allowance for credit losses for individual customers experiencing credit impairment, the consolidated company recognizes an allowance for expected credit loss during the lifetime of receivables. The consolidated company decides whether to categorize individual customers into different risk groups by considering past default records and current financial status of the customers and the economic and business environment during the period. Lifetime expected credit losses are calculated according to the historical loss rates and reference to customers' default records. The consolidated company categorizes customers according to the countries and regions they are located and defines the expected credit loss rates by taking into account GDP forecasts and unemployment levels and the overdue days of accounts receivable. An allowance for losses will be recognized at 100% of any receivable overdue for more than one year and without any credit guarantees.

If there is evidence indicating a counterparty is in severe financial difficulty (such as in liquidation) and the consolidated company cannot reasonably expect to recover the amount, the consolidated company will write off the relevant receivables but will continue to pursue the payments. Any recovered amount will be recognized in profit or loss.

The consolidated company uses a provision matrix to measure the allowance for losses of receivables as follows:

# <u>September 30, 2022</u>

|   |                                 |                               | No sign o                            | of defaults                       |                                   |                               |                               |                                  |

Note 1: In order to improve the organizational structure and operating efficiency of the Company, the Board of Directors resolved on June 28, 2022 to transfer the Company's 5% ownership interest in its sub-subsidiary, PTNX US, to TSCAA, the Company's U.S. subsidiary. The consideration for the transfer is US\$1,620 thousand. Upon the completion of the share transfer, the Board of Directors resolved that July 1, 2022 shall be the record date for the merger. TSCAA has merged with PTNX US, which becomes a 100% owned subsidiary. The nature of this merger is a restructuring under common control within the group and does not affect the compilation of the consolidated financial statements.

Note 2: TSCIN was established by the Company in September 2021.

- (II) Subsidiaries not included in the consolidated financial statements: none.
- (III) Other information: The financial statements of the abovementioned subsidiaries included in the consolidated financial statements during the same period were reviewed by the Company's CPAs and other CPAs.

#### XII. Property, plant and equipment

|                           | \$ 1,06 | 8,142                                | \$ | 1,014,529    | \$   | 1,005,124  |

Other than the recognized depreciation expenses, there was no significant purchase, disposal or impairment of the consolidated company's property, plant and equipment from January 1 to September 30, 2022 and from January 1 to September 30, 2021, respectively.

Depreciation is recognized in a straight line method according to following service lives:

| Buildings and structures        |             |
|---------------------------------|-------------|
| Offices                         | 38-52 years |
| Factories and auxiliary         | 17-37 years |
| equipment                       | 17-37 years |
| Indoor decoration engineering   | 5 years     |
| Machinery and molding equipment | 3-20 years  |
| Office and other equipment      | 1-20 years  |
| Lease hold improvements         | 5-10 years  |
| Transportation equipment        | 7 years     |

#### XIII. <u>Lease agreements</u>

#### (I) Right-of-use assets

|                           | September 30, 2022 | December 31, 2021 | September 30, 2021 |
|---------------------------|--------------------|-------------------|--------------------|

| Buildings                       | \$ 21,725                                | \$ 20,470                                | \$ 63,404                                   | \$ 61,969                             |
| Transportation                  |  |  |   |                                       |
| equipment                       | 763                                      | 1,052                                    | 2,613                                       | 3,060                                 |
| 1 1                             | \$ 22,488                                | \$ 21,522                                | \$ 66,017                                   | \$ 65,029                             |
| Sublease incomes from           |  |  |   |                                       |
| right-of-use assets             |  |  |   |                                       |
| (rental incomes)                | (\$ 2,534)                               | ( <u>\$ 2,660</u> )                      | (\$ 8,056)                                  | (\$ 8,028)                            |

Other than the above additions and recognized depreciation expenses, there was no significant addition, sublease, or impairment of the consolidated company's right-of-use assets from January 1 to September 30, 2021.

#### (II) Lease liabilities

|                          | September 30, 2022 | December 31, 2021 | September 30, 2021 |
|--------------------------|--------------------|-------------------|--------------------|
| Carrying amount of lease |                    |                   |                    |
| liabilities              |                    |                   |                    |
| Current                  | <u>\$ 95,749</u>   | <u>\$ 101,861</u> | <u>\$ 102,872</u>  |
| Non-current              | \$ 117,038         | \$ 172,318        | \$ 183,452         |

The range of the discount rates for lease liabilities is as follows:

|                          | September 30, 2022 | December 31, 2021 | September 30, 2021 |
|--------------------------|--------------------|-------------------|--------------------|
| Buildings                | 0.25%~4.50%        | 0.25%~6.50%       | 0.25%~6.50%        |
| Transportation equipment | 0.25%~2.27%        | 0.25%~2.27%       | 0.25%~2.20%        |

#### (III) Important activities and clauses as a lessee

The consolidated company rents certain buildings as offices and factories and transportation equipment as business vehicles. The lease period is 1-6 years. According to contracts, the rents for offices and warehouses in the U.S. are increased by 3% p.a. according to contracts.

#### (IV) Other information on leases

|   | July 1, 2022 to<br>September 30,<br>2022 | July 1, 2021 to<br>September 30,<br>2021 | January 1, 2022<br>to September 30,<br>2022 | January 1, 2021<br>to September 30,<br>2021 |
|---|--|--|---|---|
| Short-term lease<br>expenses<br>Low-value asset lease | \$ 206                                   | \$ 297                                   | <u>\$ 744</u>                               | \$ 947                                      |
| expenses Total cash (outflow) for                     | \$ 2,636                                 | \$ 2,342                                 | \$ 7,998                                    | \$ 6,103                                    |
| leases  |  |  | (\$106,447)                                 | ( <u>\$ 68,726</u> )                        |

The consolidated company chooses to exempt the recognition of office equipment leases qualified for short-term leases and low-value asset leases. In other words, no right-of-use assets or liabilities will be recognized for such leases.

#### XIV. Goodwill

|  | January 1, 2022 to<br>September 30, 2022 | January 1, 2021 to<br>September 30, 2021 |
|--|--|--|
| Cost                                   |  |  |
| Balance at the beginning of the period | \$ 953,676                               | \$ 981,239                               |
| Net exchange difference                | 140,226                                  | $(\underline{21,706})$                   |
| Balance at the end of the period       | \$ 1,093,902                             | \$ 959,533                               |

Distribution of carrying amount of goodwill to the following cash generating units:

|                  | September 30, | December 31, | September 30, |
|------------------|---------------|--------------|---------------|
|                  | 2022          | 2021         | 2021          |
| Printer business | \$ 889,666    | \$ 775,621   | \$ 780,385    |
| Label business   | 204,236       | 178,055      | 179,148       |
|                  | \$ 1,093,902  | \$ 953,676   | \$ 959,533    |

#### XV. Other Intangible Assets

|                      | September 30, | December 31, | September 30, |
|----------------------|---------------|--------------|---------------|
|                      | 2022          | 2021         | 2021          |
| Knowhow & technology | \$ 49,097     | \$ 54,265    | \$ 58,408     |
| Customer relations   | 131,315       | 140,761      | 150,441       |
| Patents              | 7,907         | 12,652       | 14,233        |
| Software cost        | 31,919        | 39,013       | <u>37,981</u> |
|                      | \$ 220,238    | \$ 246,691   | \$ 261,063    |

Other than the recognized amortization, there was no significant addition, disposal or impairment of the consolidated company's intangible assets from January 1 to September 30, 2022 and from January 1 to September 30, 2021, respectively.

Amortization is recognized in a straight line method according to following service lives:

| Licensed technology | 5-10 years |
|---------------------|------------|
| Customer relations  | 7-15 years |
| Patents             | 8 years    |
| Software cost       | 1-10 years |

To enhance mid-term working capital, the Company has signed loan agreements with different banks and paid interest incurred periodically. Before the expiry of contracts, short-term loans can be made within the revolving credit lines. There are no revolving credit lines for mid-term or long-term loans. The maturity dates above are based on the end dates of the loan periods. The covenant of the loans with Yuanta Commercial Bank and Far Eastern International Bank require the Company to maintain the following financial ratios for annual and interim consolidated financial statements:

- 1. Current ratio no lower than 110%; liabilities/book value of tangible assets no higher than 300%;
- 2. Book value of tangible assets above NT\$1.2 billion.
- 3. Debt service coverage ratio (DSCR) not below 1x.

- 1. This type of capital surplus may be used to offset losses or to issue cash dividends or appropriate share capital in the absence of losses. Share capital appropriation is limited to a certain percentage of paid-in capital each year.
- 2. Capital surplus generated due to the issuance of employee stock options may not be used for any purposes.

#### (III) Retained earnings and dividend policy

According to the earnings distribution policy stated in the Company's Articles of Incorporation, any earnings for the year should be used to pay taxes according to laws, offset losses from prior years and then appropriate 10% as legal reserves and recognize or reverse any special reserves required by laws. The remaining balance, along with accumulative and undistributed earnings from the previous year, may be used for earnings distribution. However, a portion may be reserved for business needs before

the issuance of dividends to shareholders. The Company is in a growth stage. To fund the future operation and development, the Board of Directors proposes the earnings distribution and the issuance of dividends to shareholders is proceeded after resolution from the shareholders' meeting. The Company's policy regarding employees' remuneration and directors' remuneration is stated in the Articles of Incorporation. Please refer to Note 20 (7) for employees' remuneration and directors' remuneration.

According to the Company's Articles of Incorporation, the percentage of earnings to be distributed according to the resolution, in principle, may not fall below 10% of the distributable earnings for the year. Dividends may be issued in cash or with shares. The percentage of dividends distributed in cash may not fall below 10% of the total dividends. However, stock dividends will be issued in lieu of cash dividends below NT\$0.2 per share.

Appropriation to the legal reserve shall continue and may stop when the legal reserve reaches the same amount as the paid-in capital. The legal reserve may be used to offset losses. If the legal reserve exceeds 25% of the paid-in capital and there are no losses, the exceeding portion may be distributed in cash.

The Company held the Annual Shareholder's Meetings on June 17, 2022 and July 23, 2021 for the resolution of the 2021 and 2020 earnings distribution as follows:

|                | Earnings d | Earnings distribution |    | idend per | r share ( | NT\$) |
|----------------|------------|-----------------------|----|-----------|-----------|-------|
|                | 2021       | 2020                  | 20 | )21       | 20        | 020   |

# (I) Explanations of revenue from contracts with customers

\$ 1,980,110

consumables
Barcode printer
components and

others

The consolidated company primarily sells barcode printers and relevant components to China, Taiwan, other parts of Asia, Europe and the Americas.

369,220

\$ 5,038,043

391,303

\$ 5,784,485

According to the consolidated company's agreement with distributors, if the purchase of certain models by distributors reaches the contracted volume, the consolidated company will provide incentives at a percentage of the procurement value or retrospective unit price reductions for certain models. Based on past experiences and considering various agreement terms and conditions, the consolidated company estimates the possible rewards and incentives amount and recognizes refund liabilities (as other current liabilities) accordingly.

#### (VII) Employees' remuneration and directors' remuneration

In case of profits during the year, the Company shall allocate at least 2% but no more than 10% of the profits as employees' remuneration. The employees' remuneration is issued in cash or wish shares according to the decision by the Board of Directors. Eligible employees include the employees working for controlled or subordinated companies and meeting certain criteria defined by the Board of Directors. The Company may allocate up to 5% of the abovementioned profits as directors' remunerations according to the decision by the Board of Directors. The proposal for distribution of employees' remuneration and directors' remuneration should be reported to the shareholders' meeting. In case of accumulated losses, profits should be used to offset the losses before distributing the aforesaid percentage as employees' remuneration and directors' remuneration. The estimated and recognized employees' remuneration and directors' remuneration from July 1 to September 30, 2022 and from July 1 to September 30, 2021, respectively, and from January 1 to September 30, 2022 and from January 1 to September 30, 2021, respectively, are as follows:

#### Estimated and recognized percentage

|                         | January 1, 2022 to | January 1, 2021 to |
|-------------------------|--------------------|--------------------|
|                         | September 30, 2022 | September 30, 2021 |
| Employees' remuneration | 4.0%               | 4.0%               |
| Directors' remuneration | 3.0%               | 3.0%               |

#### Amount

|                                    | July 1, 2022 to    | July 1, 2021 to    | January 1, 2022 to | January 1, 2021 to |
|------------------------------------|--------------------|--------------------|--------------------|--------------------|
|                                    | September 30, 2022 | September 30, 2021 | September 30, 2022 | September 30, 2021 |
| Employees' remuneration Directors' | \$ 13,153          | <u>\$ 11,456</u>   | \$ 37,812          | \$ 32,907          |
| remuneration                       | <u>\$ 9,865</u>    | \$ 8,592           | \$ 28,359          | <u>\$ 24,680</u>   |

In case of changes in the amounts after the approval and publication of annual consolidated financial statements, the difference shall be treated as changes in accounting estimates and recognized during the following year.

The employees' remuneration and directors' remuneration for 2021 and 2020 as determined by the Board of Directors on March 28, 2022 and March 22, 2021, respectively, are as follows:

| 2021 | 2020 |
|------|------|
|------|------|

| Employees' remuneration | \$ 42,545        | \$ 38,697        |
|-------------------------|------------------|------------------|
| Directors' remuneration | 31,909           | 29,023           |
|                         | <u>\$ 74,454</u> | <u>\$ 67,720</u> |
| Amounts recognized in   | \$ 74,454        | \$ 67,720        |
| financial statements    |                  |                  |

The information about the Company's employees' remuneration and directors' remuneration as determined by the Board of Directors is available on Taiwan Stock Exchange's Market Observation Post System.

| the calculation of dilutive earnings per share  | 42,787                                   | 42,767                                   | 42,862                                      | 42,785                                |

The consolidated company can opt to issue employees' remuneration with shares or in cash. The calculation of diluted earnings per share should assume the remuneration is paid with shares. The dilute potential ordinary shares should be included in the weighted average number of shares outstanding for the calculation of diluted earnings per share. The calculation of diluted earnings per share before the decision on the issuance of shares as employees' remuneration in the following year should also take into account the effects of dilutive ordinary shares.

#### XXIII. Shares-based Payment Agreement

The Company granted 57 employee stock options in April 2021. Each option can subscribe to 1,000 ordinary shares. These options were issued to the employees working for the Company and the subsidies and meeting certain criteria. The time to maturity of these options is five years. The exercisable percentages in different years are as follows:

- (I) Up to 50% on the day following two years in issuance.
- (II) Up to 75% on the day following three years in issuance.
- (III) Up to 100% on the day following four years in issuance.

The exercise price is the closing price of the Company's ordinary shares on the day of issuance. The exercise price shall be adjusted according to the formula in case of change in the Company's ordinary shares.

The information on employee stock options is as follows:

|  | January 1, 2022 to September 30, 2022 |                           | January 1, 2021 to September 30, 2021 |                           |

The valuation of the employee stock options granted in April 2021 is based on the Black-Scholes model, with the inputs as follows:

|                            | April 2021    |
|----------------------------|---------------|
| Share price on granted day | NT\$217.5     |
| Exercise price             | NT\$217.5     |
| Expected volatility        | 29.98%~31.14% |
| Time to maturity           | 3.5-4.5 years |
| Expected dividend yield    | 0%            |
| Risk-free rate             | 0.26%~0.30%   |

The expected volatility is the annualized standard deviation of the historical returns over the time period equivalent to time to maturity.

The remuneration costs recognized from July 1 to September 30, 2022, from July 1 to September 30, 2021, from January 1 to September 30, 2021, and from January 1 to September 30, 2021 are NT\$1,723 thousand, NT\$3,735 thousand, NT\$12,990 thousand and NT\$11,329 thousand, respectively.

#### XXIV. <u>Disposal of subsidiaries under the restructuring</u>

The Company signed a share purchase agreement with its subsidiary TSCAA on July 1, 2022 to sell 5% of the Company's shares in PTNX US. This transaction is considered an organizational restructuring under common control and is treated as an equity transaction.

TSCAA recognizes the book value of PTNX US held by the parent company under the equity method as of July 1, 2022, as the accounting basis for the acquisition. The excess of the acquisition price over the carrying value of PTNX US's net assets was adjusted to capital surplus of NT\$9,922 thousand. Except for the income tax recognized directly in equity, the above transaction did not affect the preparation of the financial statements of the Group.

### XXV. Capital Risk Management

Adjustments to exchange

differences on translation of financial statements of foreign operations (Note 18)

Equity transaction differences (recognized as capital surplus reduction)

The policy adopted by the Board of Directors seeks to sustain a robust capital structure, maintain the confidence from investors, creditors and the market and support the operational development going forward. The capital management of the consolidated company intends to protect the going concern capability, continue to create shareholder returns and other stakeholders' interest, maintain the optimal capital structure and reduce the cost of capital.

To maintain or adjust the capital structure, the consolidated company may adjust shareholders' dividends, reduce capital by returning funds to shareholders, issue new shares, repurchase shares, raise new debts, or repay existing debts.

The consolidated company controls and manages capital structure with the liability ratio. This ratio is calculated by dividing total liabilities by total assets. The consolidated company adopts a capital management strategy to keep the liability ratio at no more than 60%, and thereby ensures access to funding at reasonable a cost. The liability ratios for different time periods are as follows:

|                   | September 30,       | December 31,        | September 30,       |

| Measured at amortized     | 2.414.622          | 2 225 727         | 2.772.120          |
| cost (Note 2)             | 2,414,622          | 2,325,727         | 2,772,120          |

Note 1: The balance includes financial assets measured at amortized cost such as cash and cash equivalents, notes receivable, accounts receivable and other receivables.

Note 2: The balance includes financial liabilities measured at amortized costs such as short-term loans, accounts payable, other payables and long-term loans.

#### (III) Financial risk management objectives and policy

The financial risk management by the consolidated company is to manage the market risks (including exchange rate risks, interest rate risks and other price risks), credit risks and liquidity risks associated with operational activities. To reduce relevant financial risks, the consolidated company strives to identify, assess and hedge market

uncertainty to mitigate the potential and adverse impact of market changes on the financial performance.

The consolidated company's important financing activities are reviewed by the Board of Directors and Audit Committee according to relevant regulations and the internal control system.

#### 1. Market risks

The primary financial risks that the consolidated company is exposed to due to operating activities are foreign exchange rate risks (Note 1) and interest rate risks (Note 2). The company engages in certain derivatives transactions to manage the foreign exchange risks and interest rate risks. Currency forwards are the main instrument to hedge exchange rate risks incurred by exporting barcode printers to Europe and Americas.

There has been no change in the consolidated company's risk exposure in the financial instrument market and methods to manage and measure such exposure.

#### (1) Exchange rate risks

The consolidated company manages exchange rate risks by using currency forwards and currency swaps within the range allowed by policy.

Please refer to Note 28 for the carrying amounts of monetary assets and monetary liabilities denominated in non-functional currencies (including monetary items cancelled out in the consolidated financial statements) on the balance sheet date.

#### Sensitivity Analysis

The consolidated company is primarily subject to the exchange rate volatility of the US dollars, the Euro, Chinese yuan, and Japanese yen.

The table below details the consolidated company's sensitivity analysis of the impact when the NT dollars (functional currency) appreciates and depreciates by 3% again different foreign currencies. Positive numbers in the table below indicate the amount increased in profits before tax, with the NT dollars depreciating by 3% against different currencies. Negative numbers indicate the amount decreased in profits before tax, with the NT dollars appreciating by 3% against different currencies.

Gains and losses

|      | January 1, 2022 to | January 1, 2021 to |  |  |
|------|--------------------|--------------------|--|--|
|      | September 30, 2022 | September 30, 2021 |  |  |
| USD  | \$ 23,829 (i)      | \$ 6,830 (i)       |  |  |
| Euro | 7,908 (ii)         | 5,853 (ii)         |  |  |
| CNY  | 2,307 (iii)        | ( 1,895) (iii)     |  |  |
| JPY  | ( 1,915) (iv)      | ( 1,599) (iv)      |  |  |

- (i) This is primarily due to the consolidated company's accounts receivable, bank deposits, short-term loans, and accounts payable denominated in the US dollars and outstanding on the balance sheet date, without hedged cash flows.
- (ii) This is primarily due to the consolidated company's accounts receivable, bank deposits, short-term loans, and accounts payable denominated in Euro and outstanding on the balance sheet date, without hedged cash flows.
- (iii) This is primarily due to the consolidated company's accounts receivable, bank deposits and accounts payable denominated in Chinese yuan and outstanding on the balance sheet date, without hedged cash flows.
- (iv) This is primarily due to the consolidated company's bank deposits and accounts payable denominated in Japanese yen and outstanding on the balance sheet date, without cash flows hedged.

#### (2) Interest rate risks

The carrying amounts of the consolidated company's financial assets and financial liabilities exposed to interest rate risks on the balance sheet date are as follows:

|                          | Ser | otember 30, | Dec | December 31, |    | ember 30, |  |
|--------------------------|-----|-------------|-----|--------------|----|-----------|--|
|                          |     | <u>2022</u> |     | 2021         |    | 2021      |  |
| Fair value interest rate |     |             |     |              |    |           |  |
| risks                    |     |             |     |              |    |           |  |
| - Financial assets       | \$  | 330,000     | \$  | 336,810      | \$ | 61,525    |  |
| - Financial              |     |             |     |              |    |           |  |
| liabilities              |     | 1,081,165   |     | 824,885      | 1  | 1,540,162 |  |
| Cash flow interest rate  |     |             |     |              |    |           |  |
| risks                    |     |             |     |              |    |           |  |
| - Financial assets       |     | 386,963     |     | 766,218      | 1  | 1,162,148 |  |
| - Financial              |     |             |     |              |    |           |  |
| liabilities              |     | 700,000     |     | 900,000      |    | 700,000   |  |
|                          |     |             |     |              |    |           |  |

The consolidated company is exposed to fair value interest rate risks due to its position of fixed-rate fixed-term bank deposits, bank loans and lease liabilities. The consolidated company is exposed to cash flow interest rate risks due to its position of floating-rate demand bank deposits, fixed-term bank deposits and bank loans.

#### Sensitivity Analysis

The sensitivity analysis below is based on the interest rate exposure of non-derivatives on the balance sheet date. It is assumed that all the floating rate liabilities on the balance sheet date are outstanding throughout the reporting period.

If the interest rate increases/decreases by 100 basis points and all other variables are unchanged, the consolidated company's profits before tax will increase/decrease by NT\$2,348 thousand and decrease/increase by NT\$3,466 thousand from January 1 to September 30, 2021 and from January 1 to September 30, 2020, respectively, primarily due to floating-rate bank deposits and bank loans.

The consolidated company's rising sensitivity to interest rates during this period is primarily due to a reduction in floating-rate financial liabilities.

#### (3) Other price risks

The consolidated company is exposed to equity price risks due to its position of TPEx-listed equity securities. The equity investments are not held for trading but for strategic purposes. The consolidated company does not actively trade such investments.

#### Price Sensitivity Analysis

The sensitivity analysis below is based on the equity price exposure on the balance sheet date.

If the equity price goes up/down by 1%, the other comprehensive incomes net of tax will increase/decrease by NT\$12,284 thousand and by NT\$8,813 thousand from January 1 to September 30, 2022 and from January 1 to September 30, 2021, respectively, due to change in the fair value of financial assets measured at fair value through other comprehensive incomes.

The consolidated company's rising sensitivity to price risks during this period is primarily due to an increase in the fair value of investees.

#### 2. Credit risks

Credit risks are the consolidated company's risks of financial losses due to the counterparties' delay in honoring contractual obligations. The consolidated company's credit risks primarily come from the cash generated from operating activities, bank deposits, accounts receivable and other financial instruments in investing activities.

#### Financial credit risks

The consolidated company controls the risk exposure to every financial institution. Bank deposits are with financial institutions of good credits and without major contract performance concerns. Therefore, there are no material credit risks.

#### Credit risks associated with operations

To reduce credit risks, the consolidated company establishes a credit policy for continued assessment of customers' financial statuses and transaction records. However, no security or guarantee from customers is required. To mitigate credit risks, the consolidated company's management implements other monitoring procedures to ensure the adoption of appropriate actions for the recovery of overdue receivables. Meanwhile, the consolidated company reviews the recoverable amount of each receivable on the balance sheet date to recognize appropriate credit loss for the unrecoverable receivables. Hence, the Company's management does not think there are major credit risks for the consolidated company.

The top ten customers accounted for 31% and 34% of the consolidated company's operating incomes from January 1 to September 30, 2022 and from January 1 to September 30, 2021, respectively. To lower the credit risks, the consolidated company periodically assesses the financial statuses of customers and the recoverability of accounts receivable and recognizes appropriate allowance for losses accordingly.

#### 3. Liquidity risks

The consolidated company manages and maintains sufficient cash and cash equivalents to support operations and mitigate the impact of cash flow volatility. To control liquidity risks, the consolidated company's management keeps a close

eye on the utilization of credit lines with banks to ensure adherence to the borrowing terms and conditions. The consolidated company's current capital is adequate to meet the due liabilities. It is unlikely that the consolidated company is unable to repay financial liabilities or honor relevant obligations in cash or with other financial assets. Please refer to (3) Credit Facilities for the available credit lines as of September 30, 2022, December 31, 2021 and September 30, 2021, respectively.

# (1) Table of Liquidity and Interest Rate Risks of Non-Derivative Financial Liabilities

The table below details the maturities of the consolidated company's non-derivative financial liabilities with repayment periods agreed. The analysis is based on the earliest possible repayment dates required and undiscounted cash flows of financial liabilities (including principals and estimated interests). In other words, the earliest and immediate repayment dates required by banks for loans are listed below, without considering the probabilities of banks immediately exercising such rights. The maturity analysis for other non-derivative financial liabilities is produced in reference to the agreed repayment dates.

# (2) Table of Liquidity and Interest Rate Risks of Derivative Financial Liabilities

The liquidity analysis of derivative financial instruments based on net settlements is produced with the undiscounted and contracted net cash inflows and outflows. The analysis on the derivatives based on gross settlements is produced with the undiscounted total cash inflows and outflows. If the payable or receivable amount is not fixed, the amount disclosed is estimated with the expected interest rate in reference to the yield curve on the balance sheet date.

#### XXIX. Supplement Disclosure

- (I) Information on significant transactions:
  - 1. Loans to others: Table 1
  - 2. Endorsements and guarantees for others: Table 2
  - 3. Position of marketable securities at the end of the period (excluding subsidiaries): Table 3
  - 4. Cumulative purchase or sale of the same marketable security for at least NT\$300 million or at an amount equivalent to 20% of the paid-in capital: none
  - 5. Acquisition of real estates for at least NT\$300 million or at an amount equivalent to 20% of the paid-in capital: none
  - 6. Disposal of real estimates for at least NT\$300 million or at an amount equivalent to 20% of the paid-in capital: none
  - 7. Purchase from and sale to affiliated parties for at least NT\$100 million or at an amount equivalent to 20% of the paid-in capital: Table 4
  - 8. Receivables from affiliated parties for at least NT\$100 million or at an amount equivalent to 20% of the paid-in capital: Table 5
  - 9. Transaction of derivatives: Note 7
  - 10. Other information: business relations and significant transactions (circumstances and amounts) between the parent company and subsidiaries and among subsidiaries: Table 6
- (II) Information on investees: Table 7
- (III) Information on investments in China:
  - Names of investees in China, major businesses, paid-in capitals, investment methods, inward and outward remittances, shareholding percentages, investment gains (losses), carrying amounts of investments at the end of the period, repatriated investment gains (losses) and ceiling on investments in China: Table
  - 2. Significant transactions with investees in China directly or indirectly through third regions; prices, payment terms and unrealized profits or losses of such transactions: Table 9
    - (1) Purchase amounts and percentages, balances and percentages of corresponding payables as of the end of the period.
    - (2) Sale amounts and percentages, balances and percentages of corresponding receivables as of the end of the period.

- (3) Property transaction amounts and resulting gains (losses).
- (4) Purchases and balances of check endorsements and guarantees and the offering of collaterals as of the end of the period.
- (5) Maximum balance, end-of-period balance, interest rate range and interest expenses of borrowings during the period.
- (6) Other transactions (such as offering and receiving of services) with significant influence on profit or loss or financial status during the period.
- (IV) Information on major shareholders: names, shareholding amounts and percentages of the shareholders with at least 5% stakes: Table 10

#### XXX. Segment information

The information provided to the key decision-makers for resource allocation and segment performance reviews is focused on each delivered product type. The consolidated company's segment reporting should be based on product categories. The two strategic business units are managed separately due to the different technologies and market strategies involved. Segment A sells barcode printers and relevant components. Segment B sells labels and printer consumables.

The consolidated company's reporting segment revenues and operating results are as follows:

|  | Jai  | nuary 1, 2022 to           | Septembe                      | er 30, 202                  | 2                          |

| Total revenue                          | \$ 3,293,228                                 | \$ 1,745,426               | (\$                           | 611)                        | \$ 5,038,043               |
| Segment profit (loss)                  | \$ 861,795                                   | \$ 111,288                 | (\$ 14                        | 5,610)                      | \$ 827,473                 |

The consolidated company treats intersegment sales as transactions with third parties by measuring these sales with prevalent market prices.

The consolidated company's management allocates resources and assesses segment performance by referring to the internal reporting of segment profit or loss before tax (excluding non-recurrent items) according to the review by key decision-makers in operations. The consolidated company does not allocate income tax expenses (gains) and non-recurrent gains (losses) to reporting segments as income tax expenses (gains) and expenses and non-recurrent gains (losses) are managed at the group level. The reported amounts are consistent with the amounts in the reports used by operational decision-makers.

#### Loans to Others

January 1, 2022 to September 30, 2022

Note 1: Numbers in the column:

(1) 0 for the Company.

Note 2: Please indicate one of the following seven types of relations between endorsers/guarantors and endorsees/guarantees:

- (1) Company with business dealings.
- (2) Company with over 50% voting shares directly and indirectly owned by the Company.
- (3) Company who directly and indirectly owns at over 50% of the Company's voting shares.
- (4) Between the companies with over 90% voting shares directly and indirectly owned by the Company.
- (5) Between peers required for engineering project undertakings or between joint builders required to guarantee each other according to contract terms and conditions.
- (6) Endorsement and guarantee to an investee by all shareholders according to shareholding percentages in a joint investment.
- (7) Joint guarantee provided by peers in contract performance for off-plan property sales according to the Consumer Protection Act.
- Note 3: The aggregate endorsed/guaranteed amount and the maximum endorsement/guarantee to a single company is capped at 60% and 40%, respectively, of the Company's book value according to the most recent financial statements as audited or reviewed by CPAs.
- Note 4: This field is for the amount approved by the Board of Directors. However, please provide the amount decided by the Chairman if the Chairman is authorized by the Board of Directors according to Subparagraph 8 of Article 12 of the Regulations Governing Loaning of Funds and Making of Endorsements/Guarantees by Public Companies.
- Note 5: Amount actually utilized by the endorsed/guaranteed company within the endorsed/guaranteed range.
- Note 6: Foreign currency amounts in this table are based on exchange rates on September 30, 2022. NT dollars based on US\$1=NT\$31.75.
- Note 7: The Company provides a customs endorsement/guarantee with a bank letter of guarantee for NT\$4,000 thousand to Taipei Customs, Customs Administration.

# TSC Auto ID Technology Co., Ltd. and Its Subsidiaries Position of marketable securities at the end of the period September 30, 2022

Table 3 Unit: NT\$1,000/1,000 shares/1,000 units
