# Summary of the comment by Shareholder Account No. 7096:

**Question:** What are the company's future goals in ESG efforts? Does

the company have an updated plan for the lack of disclosure in this regard? Is there a carbon reduction target for 2023?

# The Company's reply:

The company has a short-term plan for ESG spanning three to four years, which is currently underway. This plan covers the three major aspects of ESG, with specific goals expected to be achieved by 2027, including meeting the FSC's requirements for listed companies regarding ESG. The mid- and long-term plans involve environmentally friendly product designs and implementations, which are currently in progress. Energy saving and carbon reduction are also planned and will be executed within the three-year plan. The company's website is being updated to gradually disclose near-term ESG information and plans.

# Summary of the comment by Shareholder Account No. 15827:

# **Question 1:**

As of the end of May, the company's announced cumulative revenue growth rate for this year is 0.69%. However, the annual report predicted a 7.14% increase in printer sales compared to last year. At that time, the company estimated the sales volume for 2023 to be 800,000 units, but it

now appears to be only 700,000 units. How confident is the company in this year's forecast? Are the current orders sufficient to meet this sales target, or is the sales forecast expected to be revised downward?

# The Company's reply:

Sales forecasts are inherently difficult to predict. The company team has made efforts to forecast in advance. The challenges in forecasting include:

- (1) A wide product line with strategic items that need to be promoted.
- (2) International instability makes it difficult to manage customer relations. The most important factor is whether the company team can promptly and dynamically adjust its operational direction to achieve the desired sales and strategic goals.

#### **Question 2:**

It has been a year since the acquisition of MGN. What adjustments has the company made to MGN during this period, and how much does it differ from the initial acquisition targets? What future plans are still pending? What is the expected contribution to the company's revenue and profit?

# The Company's reply:

Before acquiring MGN, the company had an aggressive sales growth plan for MGN. This plan requires a long investment cycle, gradually increasing investment in MGN to achieve our growth goals. It is not possible to see results in just one or two years. We are still in the investment cycle, so it will take some time to see more significant results.

# **Question 3:**

According to the First-quarter Financial Report of this year, the company bought 1,160,000 shares of Taiwan Semiconductor Company Limited(「Taiwan Semi」) stock. Taiwan Semi's First-quarter profit has declined significantly compared to the same period last year. However, in terms of P/B ratio, P/E ratio, gross margin, operating margin, net margin, and ROE, the company's performance is superior to TSC's. Why does the company not buy back its own stock while it is undervalued but instead uses funds to support TSC's stock price? Does the company believe that its own investment value is still lower than TSC's?

# The Company's reply:

The semiconductor industry is still a very good industry in the long term, especially with the significant increase in usage for electric vehicles, autonomous driving, AI servers, and power. We remain optimistic about the long-term industry, which is why we made this investment.

## **Question 4:**

The company has always favored long-term investment in stable companies. However, within a year, two of the three life insurance companies that were among the company's top ten shareholders have sold their shares and are no longer among the top ten. The company must have inquired about the reasons for their sales. Please explain this in detail.

# The Company's reply:

We have basic contact with major investors, but it is not appropriate to respond to the holding status of individual shareholders.

# **Question 5:**

DLS showed a quarterly decline in profits last year. The investment profit recognized in the first quarter of this year was only NT\$16,318,000, which is only 36% of last year's NT\$44,480,000 for the same period. Please explain the reasons and the measures to improve the situation.

# The Company's reply:

DLS benefited from the economic cycle driven by inflation in 2021 and 2022, with continuous profit growth. However, since last year, DLS has been in an inventory adjustment phase, and the entire industry is experiencing a profit decline. Currently, we are adjusting the cost structure and sales prices to offset the sales pressure during the deflation process. We have seen initial results and expect to return to a better state later this year, approaching the financial situation before the pandemic.

## **Question 6:**

It is generally believed that India is more like a collection of several countries due to significant regional differences. Even large international companies may not be able to smoothly expand their business across India. The company established a subsidiary in India in 2021, but with an investment of only USD 100,000, it seems insufficient to achieve the goal of expanding business and building a brand image in India. Has the company considered establishing a joint venture with large local electronics distributors, where local partners assist in business expansion while the company provides hardware and technical support?

# The Company's reply:

The company has been operating in India for over ten years, not just since establishing a subsidiary in 2021. India is currently a significant sales region for us, with TSC being a leading brand in the thermal printer market in India. The purpose of establishing a subsidiary in 2021 was for management needs and to comply with local product registration regulations. The company continues to operate in this region.

#### Proposal 2

# (Proposed by the Board of Directors)

Acknowledgment of the 2023 Earnings Distribution Proposal:

- Description: 1. The Company's undistributed earnings at the beginning of 2023 are NT\$1,845,440,514, the 2023 net income is NT\$926,873,558, and the distributable earnings NT\$2,678,004,202. The proposed shareholder cash dividend for distribution according to the Articles of Incorporation was NT\$612,854,242 (estimated distribution of NT\$13 per share) and for the proposed earnings distribution table. Please refer to Appendix 5.
  - 2. It is proposed that the Board of Directors be authorized with full power and authority to adjust distribution percentage if the number of outstanding shares is affected by the change in the number of shares outstanding prior to the dividend record date.

#### 2023 Business Report

In 2023, the supply chain problems were gradually alleviated, but the weakening of the end market demand affected enterprises' willingness to invest. Nevertheless, our team continues to invest in new product, application, and channels development based on our many years of experience, and we strive to enhance our global brand position and market share for our products. # Independent Audit's Report and Standalone & Consolidated Financial Statements Auditor's Audit Report

To the Board of Directors and Shareholders of TSC Auto ID Technology Co., Ltd.:

#### **Audit opinions**

We have audited the standalone balance sheet as of December 31, 2023 and December 31, 2022; the standalone incomes statement from January 1 to December 31, 2023 and from January 1 to December 31, 2022; the standalone statements of changes in equity and the standalone statements of cash flows from January 1 to December 31, 2023 and from January 1 to December 31, 2022 of TSC Auto ID Technology Co., Ltd. and the notes to standalone financial statements (including the summary of major accounting policies).

Based on our audit and other auditors' audit (please refer to "Other Matters"), all material disclosures in the standalone financial statements mentioned above were prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and provide fair representation of TSC Auto ID Technology Co., Ltd.'s standalone financial status as of December 31, 2023 and 2022, standalone financial performance from January 1 to December 31, 2023 and 2022, and standalone cash flows from January 1 to December 31, 2023 and 2022.

#### **Basis of audit opinion**

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and the auditing principles. Our responsibilities as auditor for the standalone financial statements under the abovementioned standards are explained in the Responsibilities paragraph. All relevant personnel of the accounting firm have followed the Norm of Professional Ethics for CPA and maintained independence from TSC Auto ID Technology Co., Ltd. when performing their duties. We believe that the evidence obtained from our audit and the audit results of other auditors provide an adequate and appropriate basis for our opinion.

#### **Key Audit Issues**

Key audit issues are matters that we considered to be the most important, based on professional judgment, when auditing the 2023 standalone financial statements of TSC Auto ID Technology Co., Ltd.. These issues have already been addressed when we audited and formed our

opinions on the standalone financial statements. Therefore, we do not provide opinions separately for individual issues.

Key audit issues concerning the 2023 standalone financial statements of TSC Auto ID Technology Co., Ltd. are as follows:

#### Impairment assessment for equity-accounted investments (including goodwill)

TSC Auto ID Technology Co., Ltd. acquired controlling interest in Printronix Auto ID Technology Inc. on January 23, 2016, and later acquired the main business activities and operating assets from Diversified Labeling Solutions, Inc. in January 2019. The acquisition includes the printer business Printronix brand and labeling business DLS brand. Equity-accounted investments (including goodwill) were recognized in standalone financial statements for the respective years, and the amounts are considered material to the standalone financial statements. Impairment assessment for goodwill is explained below:

Assessment of impairment for equity-accounted investments (including goodwill) depends largely on the estimation of the recoverable amount using future operating cash flow from the printer business Printronix brand and labeling business DLS brand (the cash-generating units). Since estimation of future operating cash flow involves the management's forecast on the performance of the industry and the Company, the assumptions used for the estimation and preparation (mainly including sales growth and operating profit margin) are prone to subjective judgment and high levels of uncertainty.

We have taken actions during our audit to address the above uncertainties, including: obtaining a goodwill impairment assessment report issued by a professional appraiser that the management had commissioned; understanding and assessing the rationality of the recoverable amount calculated from the valuation model; and evaluating the overall rationality of the aforementioned goodwill impairment assessment report after taking into consideration the assumptions used in the valuation model, such as sales growth, profit margin, and weighted average funding cost (including the risk-free rate, volatility, and risk premium), the state of the Company's operations, the state of the industry, and future outlook.

#### **Other Matters**

As narrated in Note 11 of the standalone financial statement, amongst some of the equity-accounted subsidiaries of reinvestments presented in the 2023 and 2022 standalone financial statements of TSC Auto ID Technology Co., Ltd., some had financial statements audited by other CPAs. Therefore, opinions made in the aforementioned standalone financial statements in regards to the book value of equity-accounted subsidiaries and the share of gains/losses were based on the figures recognized in audit reports prepared by other CPAs. As of December 31, 2023 and 2022,

the abovementioned equity-accounted investees represented 23.70% and 16.13% respectively of the Company's standalone total assets; share of profit from the abovementioned investees in 2023 and 2022 accounted for 11.37% and 15.58% respectively of the Company's standalone pre-tax profit.

# Responsibilities of the management and governing body of the standalone financial statements

Responsibilities of the management were to prepare and ensure fair presentation of the standalone financial statements in accordance with Regulations Governing the Preparation of Financial Reports by Securities Issuers and to exercise proper internal control practices that are relevant to the preparation of the standalone financial statements so that the standalone financial statements are free of material misstatements, whether caused by fraud or error.

The management's responsibilities when preparing the standalone financial statements also included assessing the ability of TSC Auto ID Technology Company to operate, disclose information and account for transactions as a going concern unless the management intends to liquidate TSC Auto ID Technology Company or cease business operations or is compelled to do so with no alternative solution.

The governing body of TSC Auto ID Technology Co., Ltd. (including the Audit Committee) is responsible for supervising the financial reporting process.

#### Responsibilities of the auditor when auditing standalone financial statements

The purposes of our audit were to obtain reasonable assurance of whether the standalone financial statements were prone to material misstatements, whether due to fraud or error, and to issue a report of our audit opinions. We consider assurance to be reasonable only if it is highly credible. However, audit tasks conducted in accordance with auditing principles do not necessarily guarantee detection of all material misstatements within the standalone financial statements. Misstatements can arise from fraud or error. Misstatements are considered material if the individual amount or aggregate total is reasonably expected to affect economic decisions of users of the standalone financial statement.

When conducting audits in accordance with the auditing principles, we exercised judgments and raised doubts as deemed professionally appropriate. We also performed the following tasks as auditor:

1. Identifying and assessing risks of material misstatement within the standalone financial statements, whether due to fraud or error; designing and executing appropriate response measures for the identified risks; and obtaining adequate and appropriate audit evidence to support audit opinions. Because fraud may involve conspiracy, forgery, intentional omission,

- untruthful declaration, or breach of internal control, the risk of not detecting material misstatements arising from fraud is greater than that of misstatements arising from error.
- 2. Developing the required level of understanding on relevant internal controls and designing audit procedures that are appropriate under the prevailing circumstances, but without providing opinions on the effectiveness of the internal control system of TSC Auto ID Technology Co., Ltd..
- 3. Assessing the appropriateness of accounting policies adopted by the management, and the rationality of accounting estimates and related disclosures made.
- 4. Forming conclusions regarding the appropriateness of management's decision to account for the business as a going concern, and whether there are doubts or uncertainties about the ability of TSC Auto ID Technology Co., Ltd. to operate as a going concern, based on the audit evidence obtained. We are obliged to remind users of the standalone financial statements and make related disclosures if uncertainties exist in regards to the abovementioned events or circumstances, and amend audit opinions when the disclosures are no longer appropriate. Our conclusions are based on the audit evidence obtained up to the date of audit report. However, future events or changes of circumstances may still render TSC Auto ID Technology Co., Ltd. no longer capable of operating as a going concern.
- 5. Assessing the overall presentation, structure, and contents of the standalone financial statements (including related footnotes), and whether certain transactions and events are presented appropriately in the standalone financial statements.
- 6. Obtaining sufficient and appropriate audit evidence on the financial information of individual entities within TSC Auto ID Technology Co., Ltd. and expressing opinions on the standalone financial statements. Our responsibilities as auditor are to instruct, supervise and execute audits and form audit opinions on TSC Auto ID Technology Co., Ltd.

We have communicated with the governing body about the scope, timing, and significant findings (including significant defects identified in the internal control) of our audit.

We have also provided the governing body with a declaration of independence stating that all relevant personnel of the accounting firm have complied with the Norm of Professional Ethics for CPA, and communicated with the governing body on all matters that may affect the auditor's independence (including protection measures).

We have identified the key audit issues after communicating with the governing body regarding the 2023 standalone financial statements of TSC Auto ID Technology Co., Ltd.. These issues have been addressed in our audit report except for topics that are prohibited by law from being disclosed to the public, or, under extreme circumstances, topics that we decided not to

communicate in the audit report because of greater negative impacts they may cause than the benefits they bring to public interest.

Key audit issues are matters that we considered to be the most important, based on professional judgment, when auditing the 2023 consolidated financial statements of TSC Auto ID Technology Group. These issues have already been addressed when we audited and formed our opinions on the consolidated financial statements. Therefore, we do not provide opinions separately for individual issues.

Key audit issues concerning the 2023 consolidated financial statements of TSC Auto ID Technology Group are as follows:

#### Impairment assessment for goodwill

TSC Auto ID Technology Group acquired controlling interest in Printronix Auto ID Technology Inc. on January 23, 2016, and later acquired the main business activities and operating assets from Diversified Labeling Solutions, Inc. in January 2019. The acquisition includes the printer business Printronix brand and labeling business DLS brand. Goodwill was recognized in the consolidated financial statements for the respective years, and the amounts are considered material to the consolidated financial statements. Assessment of goodwill impairment depends largely on the estimation of the recoverable amount using future operating cash flow from the printer business Printronix brand and labeling business DLS brand (the cash-generating units). Since the estimation of future operating cash flow involves the management's forecast of the performance of the industry and the Company, the assumptions used for the estimation and preparation are prone to subjective judgment and high levels of uncertainty.

We have taken actions during our audit to address the above uncertainties, including: obtaining a goodwill impairment assessment report issued by a professional appraiser that the management had commissioned; understanding and assessing the rationality of the recoverable amount calculated from the valuation model; and evaluating the overall rationality of the aforementioned goodwill impairment assessment report after taking into consideration the assumptions used in the valuation model, such as sales growth, profit margin, and weighted average funding cost (including the risk-free rate, volatility, and risk premium), the state of the Company's operations, the state of the industry, and future outlook.

#### **Other Matters**

As narrated in Note 11 of the consolidated financial statements, amongst the subsidiaries presented in the 2023 and 2022 consolidated financial statements of TSC Auto ID Technology Group were financial statements of subsidiaries that were audited by other CPAs. Therefore, opinions made in the aforementioned consolidated financial statements in regards to the amounts and footnote disclosures of such businesses were based on the figures recognized and disclosed in

audited reports prepared by other CPAs. The total assets of the subsidiaries accounted for 22.47% and 20.99% of the total consolidated assets as of December 31, 2023 and 2022 respectively; The operating revenues of the subsidiaries accounted for 39.51% and 37.43% of the consolidated operating revenues in 2023 and 2022 respectively, and their total comprehensive income accounted for 11.15% and 17.64% of the total consolidated comprehensive income respectively.

TSC Auto ID Technology Co., Ltd. has prepared standalone financial statements for 2023 and 2022, to which we have issued an independent auditor's report with unqualified opinion and made additional disclosures in the Other Matters paragraph.

# Responsibilities of the management and governing body of the consolidated financial statements

Responsibilities of the management were to prepare and ensure fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and the International Financial Reporting Standards, International Accounting Standards and interpretations thereof approved and promulgated by the Financial Supervisory Commission, and to exercise proper internal control practices that are relevant to the preparation of the consolidated financial statements so that the consolidated financial statements are free of material misstatements, whether caused by fraud or error.

The management's responsibilities when preparing the consolidated financial statements also included assessing the ability of TSC Auto ID Technology Group to operate, disclose information, and account for transactions as a going concern unless the management intends to liquidate TSC Auto ID Technology Group or cease business operations, or is compelled to do so with no alternative solution.

The governing body of TSC Auto ID Technology Group (including the Audit Committee) is responsible for supervising the financial reporting process.

#### Responsibilities of the auditor when auditing consolidated financial statements

The purposes of our audit were to obtain reasonable assurance of whether the consolidated financial statements were prone to material misstatements, whether due to fraud or error, and to issue a report of our audit opinions. We consider assurance to be reasonable only if it is highly credible. However, audit tasks conducted in accordance with auditing principles do not necessarily guarantee detection of all material misstatements within the consolidated financial statements. Misstatements can arise from fraud or error. Misstatements are considered material if the individual amount or aggregate total is reasonably expected to affect economic decisions of users of the consolidated financial statements.

When conducting audits in accordance with the auditing principles, we exercised judgments and raised doubts as deemed professionally appropriate. We also performed the following tasks as auditor:

- 1. Identifying and assessing risks of material misstatement within the consolidated financial statements, whether due to fraud or error; designing and executing appropriate response measures for the identified risks; and obtaining adequate and appropriate audit evidence to support audit opinions. Because fraud may involve conspiracy, forgery, intentional omission, untruthful declaration, or breach of internal control, the risk of not detecting material misstatements arising from fraud is greater than that of misstatements arising from error.
- 2. Developing the required level of understanding on relevant internal controls and designing audit procedures that are appropriate under the prevailing circumstances, but without providing opinions on the effectiveness of the internal control system of TSC Auto ID Technology Group.
- 3. Assessing the appropriateness of accounting policies adopted by the management, and the rationality of accounting estimates and related disclosures made.
- 4. Forming conclusions regarding the appropriateness of management's decision to account for the business as a going concern, and whether there are doubts or uncertainties about the ability of TSC Auto ID Technology Group to operate as a going concern, based on the audit evidence obtained. We are obliged to remind users of the consolidated financial statements and make related disclosures if uncertainties exist in regards to the abovementioned events or circumstances, and amend audit opinions when the disclosures are no longer appropriate. Our conclusions are based on the audit evidence obtained up to the date of audit report. However, future events or changes of circumstances may still render TSC Auto ID Technology Group no longer capable of operating as a going concern.
- 5. Assessing the overall presentation, structure, and contents of the consolidated financial statements (including related footnotes), and whether certain transactions and events are presented appropriately in the consolidated financial statements.
- 6. Obtaining sufficient and appropriate audit evidence on the financial information of individual entities within the group, and expressing opinions on the consolidated financial statements. Our responsibilities as auditor are to instruct, supervise and execute audits and form audit opinions on the group.

We have communicated with the governing body about the scope, timing, and significant findings (including significant defects identified in the internal control) of our audit.

We have also provided the governing body with a declaration of independence stating that all relevant personnel of the accounting firm have complied with the Norm of Professional Ethics for CPA, and communicated with the governing body on all matters that may affect the auditor's independence (including protection measures).

We have identified the key audit issues after communicating with the governing body regarding the 2023 consolidated financial statements of TSC Auto ID Technology Group. These issues have been addressed in our audit report except for topics that are prohibited by law from being disclosed to the public, or, under extreme circumstances, topics that we decided not to communicate in the audit report because of greater negative impacts they may cause than the benefits they bring to public interest.
