

Find the Right AIDC for Each Retail Role – Without the Guesswork

Quickly identify the right devices, specs, and applications—ensuring smooth workflows and aligned outcomes.

Will the devices integrate with my systems and streamline my workflows?

Evaluation points

- **Compatibility:** POS, ERP, WMS
- **Connectivity:** Wi-Fi, 5G, Bluetooth
- **Accuracy:** Scanning & print quality
- **Security:** Suitable for enterprise environments
- **Remote management:** Firmware, status, alerts

Will the solution provide enduring value and scalability over time?

Evaluation points

- **Lifecycle:** Built to last, backed by support
- **Durability:** Rugged design
- **TCO:** Value for money
- **Future readiness:** Upgradable (e.g. RFID)
- **Consumables:** Certified supplies, better ROI

Will the solution match my operational environment and usage requirements?

Evaluation points

- **Store size/SKU volume:** Matches workload
- **Mobility:** Mobile or stationary
- **Print/scan intensity:** Handles peaks
- **Label durability:** Heat, moisture, RFID

Will the solution be easy to use, manage, and support my day-to-day work?

Evaluation points

- **Ease of use:** Intuitive UI, ergonomic design
- **Battery:** Operation time, hot-swappable
- **Quick adoption:** Minimal training

Stop guessing and start choosing smarter with help from our AIDC experts.
