

## Declaration of REACH Compliance

### REACH Compliance Statement :

The Registration, Evaluation, Authorization and Restriction of Chemicals Regulation EC 1907/2006, commonly referred to as REACH, is a European regulation on chemicals and their safe use. With the publication of candidate lists for authorization, the European Chemicals Agency identifies sets of substances of very high concern (SVHC) that manufacturers must disclose to customers if used in articles in their products above 0.1% by weight.

Based on the current version of the candidate list for authorization (247 chemicals), TSC products contain the following SVHCs above the disclosure threshold:

SVHC	CAS Number	Application
2,2',6,6'-tetrabromo-4,4'-isopropylidenediphenol	79-94-7	ABS plastic

The SVHCs used in these products do not pose a safety risk to customers under normal use conditions. As of 21th January, 2025 TSC products containing SVHCs above the disclosure threshold of 0.1% by weight in articles are submitted to ECHA's SCIP database.
